Dylan,

Project file attached. I left some dates untouched--wanted you to get a good idea of just how long overdue most tasks are. Our limited resources are being devoted to development of the new platform and maintenance of the existing one. The Admin needs more development and administration, as does our internal network. These tasks I have kept a closer eye on but progress has been limited. We've been in survival mode.

Let me know if you have any questions.

thanks,
